FEATURES	BENEFITS
Hybrid Core	A proprietary blend of SPC and WPC allows for the material to be ultra-durable while also being light weight and comfortable underfoot.
Uniclic® Locking System	Uniclic® was the first one-piece locking profile to be introduced into the market. It provides quick, easy and clean installations, seamless joints, long lasting stability, and the best technical performance among all locking systems.
Hardwood Appearance	Each color has an average of 10 different plank variations allowing the flooring to give the appearance of genuine hardwood.
